

Going Back To School

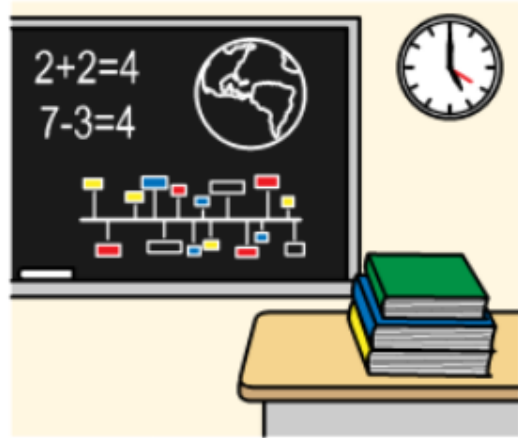

My school has been closed.
It was closed to keep me safe.

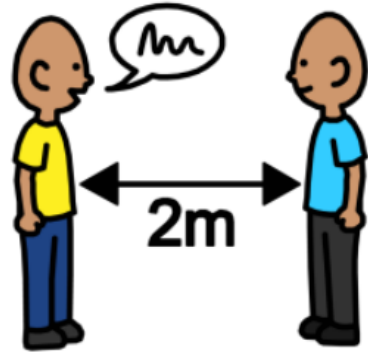

I have been learning and playing at home.

It is now the summer holidays.
My school is going to open in September.
I can go back to school.

I still need to social distance from staff but not my friends.

I will need to wash my hands often.

CATCH IT

Germs spread easily. Always carry tissues and use them to catch your cough or sneeze.

BIN IT

Germs can live for several hours on tissues. Dispose of your tissue as soon as possible.

KILL IT

Hands can transfer germs to every surface you touch. Clean your hands as soon as you can.

I need to follow
Catch it Bin it Kill it
when I blow my nose.

I may have a new teacher.

I will see my friends.

In class we will be able to talk about any worries that we have and I can ask for help at any time.
